

# JUSTIN GORDON

---

3726 Tripp St. Unit 411, Ames, IA | (515) 979-4498 | jagordon@iastate.edu

## EDUCATION

---

Iowa State University – Bachelor of Science in Software Engineering

Expected graduation date: December 2019

GPA: 2.90/4.00

## ACTIVITIES AND ACHIEVEMENTS

---

Front End Developer – OpensrcSTEM

- Working alongside student developers to create a web application using the MEAN stack and honing valuable teamwork skills
- Developing proficiencies with web development practices and learning how systems communicate to create a cohesive application

Sponsorship Chair – CyMake (student organization)

- Raised thousands of dollars through sponsorship campaigns to help fund our club's HackISU event, which is a bi-annual hackathon
- Worked alongside a small team of fellow students to successfully fund, organize, and manage a hackathon which had 430+ attendees

## WORK EXPERIENCE

---

Software Developer, *GuideOne Insurance* | 2018 – Present

Researched, developed and maintained automation software for testing purposes. Worked with small team to automate processes within business to more effectively use company resources and streamline repetitive tasks.

Clerk, *Hy-Vee* | 2012-2016

Assisted customers and trained new employees. Organized aisles to make items easier to find for customer convenience.

Volunteer, Grounds Crew for Baseball Fields

Tended to fields in-between games. Chalked and helped drag fields so that games could be continued smoothly with foul lines, pitcher mounds and batters' boxes intact.

## RELEVANT SKILLS

---

JavaScript, Java, C, SQL, Selenium
